US National
Champion
Yearling
Sweepstakes
Filly*

Champions. You can imagine the excitement and pride that Linda and I feel every time we are at a show and see a R. O. Lervick bred or client bred offspring doing well, or read a letter or get a phone call from an enthusiastic owner letting us know how well a Lervick bred horse is doing.

In our 30 years of showing and breeding Arabian and Half Arabian horses, we have had lots of pleasant memories.

As Linda and I watch generations of farm bred horses grow and mature, we find that every year is more exciting than the previous one. We were digging through some old photos and wanted to share some pictures of R. O. Lervick Arabians over the past 30 years. Pictures of Linda and me with some of our horses and some pictures of the farm bred horses with their National wins. We hope you enjoy our trip down memory lane!

Linda and I wish everyone a great show season and happy, healthy foals. I hope you will share your show ring success with us.

We look forward to seeing you at a show.

Roger O. Lervick &
Linda K. Lervick
