

ROL Copper Penny Shines

ROL Copper Penny is a six year old gelding (*Cytosk x Penny From Heaven*) and his barn name is Louie. He is owned and trained by Rick and Laura Gault of Archdale North Carolina, and was bred by Winifred Keur. "He is the sweetest horse I have ever known, and our future goals include the US Nationals. We also have a Cytosk weanling filly and another due in 2007" says Laura "We love the attitudes he produces."

Incyde Scoop has the Inside Track

"Incyde Scoop is a chestnut gelding by Out of Cyte x Cymply Red, and we call him 'Scoop'", says Katie. "He was bred by RO Lervick Arabians and is owned by Bridget and Katie Atwood. He is trained by Cynthia Burkman and Tammy Bowles - The Burkman Centre. Scoop is the sweetest horse and he loves getting all the attention. He is also a little piggy and loves to eat everything you give to him. He is always very happy and has his ears perked forward at all times.

"We love him very much! I (Bridget) plan on showing him in the 18-39 division next year, and my mom (Katie) is taking him to US Nationals this year in Louisville and showing him in the H/A Hunter 40 & Over. He will also be shown in H/A Ladies Side Saddle as well. At Youth Nationals this past year, I was very surprised when they called Scoop and I as Reserve Champion in the Side Saddle. It was our first big win together and it was really early in the show, so it was a nice way to start. But when the announcer called us as Champion in the Hunter, I almost died, I was so ecstatic! Our whole barn was SO excited and it was a great accomplishment and a wonderful year at Youth!!"

Edward Of Cyte+// is a Prince!

Thank you so much for asking us to highlight our Purebred Arabian gelding Edward of Cyte+// for your Newsletter. We couldn't be more proud to own such an outstanding horse. Since we purchased Eddie in the spring of 2005 he has not only taught us so much about the true talent and compassion the Arabian breed is all about, but he has gone on to win several Regional Championships and a truly well-earned Canadian national Reserve Championship for my daughter this year; a true honor. He is a once-in-a-lifetime horse and we plan on enjoying the ride for a long time to come. Thank you for allowing us to brag about our Cystok gelding; we turly love him. Marie and Sara Stickney.

ROL Out In Style is Stylin'

"ROL Out In Style, who we call 'Gabby', is one of the most wonderful horses that we've ever met. While she's still a bit of a handful for her thirteen year old owner/rider, she's been an amazing horse. By the way, we think that 'Gabby' is a perfect nickname by your barn staff!", says Mark Treiber. "Her most notable recent wins included: Region III AHA show (July 2006) Junior Horse / Hunter Pleasure Champion HA/AA and HA / AA Mare Breeding Top 5 (Eric was her handler -- she truly looked wonderful, surprised that she wasn't Champion or Reserve but that's the horse show hobby for you...) and she's had various Class A show wins this past year. She has lots of personality. She is extremely sweet and drop-dead gorgeous when her coat is just a little longer than show-cut length. And she is growing up to be a BIG girl (about 16 hands at this point. Madison looks forward to riding her at Youth one day in the next few years. Gabby and her should be a great team for years to come."
