

## *L.A. Flynn Stables reports*

*Spotacular Cyte ROF*

*Heavenly Cyte ROF*

*Spots Cytel ROF*

We have three Cytosk horses to brag on!

Spotacular Cyte ROF+// (Cytosk+++ x Hot Spot+/- x Mistr Bask x Bask), who is also known as Cosmo, is all about being a show horse. She trots into the ring like a peacock - ears up, puffed up, clean and always ready. We can count on her, and she is a fun horse to show as well as one of my best. Cosmo has always had a rather aloof personality, but she loves her treats! This horse has accomplished so much for such a young horse. Her remarkable training really showed when after only 47 days in training, she was crowned a Futurity Champion. She is known as "The Perfect Pinto" and she is the first horse to pull a "hat trick" in Canada: Open, AOTR and JOTR English Show Hack.

Heavenly Cyte ROF (Cytosk+++ x Hot Spot+/-), nickname "Halo", is the first Black Half-Arabian I have ever owned and now I understand that it is magical. Halo is an incredibly beautiful horse. Her profile in the show ring is incredible, and she is sweet as well!

Spots Cytel ROF (Out of Cyte x Hot Spot+/-) is known as "Coco Puff". After sponsoring Meridith Kaiser for a year after her family lost three horses, I made the tough decision to sell her to the Kaiser family. She is the sweetest, cutest horse in the barn. She is an incredibly spoiled, pampered pinto, but is just sweeter for it. She is the ultimate kids horse, taking her 13 and under rider as well as her 14-17 rider to many wins; championships as well as their first Top Tens in their first year of Youth Nationals at Scottsdale.

I should also mention that all three horses have been Breeder Sweepstakes Champion or Reserve Yearling Fillies. They have gone on to win many Halter Championships, Futurity Championships and Regional Championships.

## *Have You Seen Our Website Lately??*

**We work hard to keep our website up-to-date with:**

**Horses for sale**

**Program updates**

**Show Results**

**Breeding information  
& downloadable breeding contracts**

**Pedigrees**

**Updated photos**

**Contact information for the farm**
